MEMBERSHIP OF BEEBASE (NATIONAL BEE UNIT)

BeeBase is a valuable beekeeping resource maintained by the National Bee Unit (NBU). It maintains a voluntary register of beekeepers in England, Wales and Scotland which enables seasonal bee inspectors to contact beekeepers in the event of a disease outbreak in a specific area. This is seen as valuable in the control of exotic pests and diseases. If a member wishes to register as a beekeeper on BeeBase, the contact details of the member can be transferred directly to BeeBase in conjunction with their membership application or membership renewal with SEHBKA. However, the member must consent to the transfer. The data shared with BeeBase includes name, address, email address and telephone number, together with your membership number and the name of the association to which you belong.
